

Lascal[®] m1[™] Carrier

Designed in Sweden

The Ultimate Baby Carrier

The Lascal® **m**™ Carrier is the next generation of baby carriers with a sporty and fashionable look for today's modern parent. Using the latest high tech ventilated fabrics dramatically increases the comfort for both baby and parent. Super soft and naturally anti-bacterial Bamboo fabric is perfect for the removable Top Cover and for the leg and arm openings, that come in contact with baby's skin.

The innovative 3-way adjustable front piece creates a secure and perfect fit for newborns, as well as extends the use for bigger babies. A unique built in back support will keep baby's developing spine straight at all times.

The **m**™ Carrier is quick and easy to put on and take off. Wide padded harness straps and a ventilated lumbar support provides ideal weight distribution, relieving stress on shoulders and back for ultimate parent comfort.

Adjustable **Head Support** cradles the newborn's head and later folds down to allow the older baby to face forward.

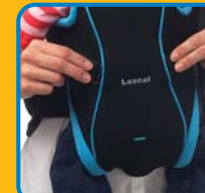

New built-in **Spine Support** truly supports baby's developing spine at all times.

Quick and easy to put on and take off with ergo-nomically designed **Buckles**.

Patents pending

New design and extra comfortable, padded Bamboo fabric in the leg openings reduces stress on the baby's legs.

High Tech Ventilated Fabrics

**The fabrics used for the Lascal® m™ are new,
high tech ventilated fabrics for maximum comfort:**

Super soft and naturally anti-bacterial Bamboo fabric is used in the areas that come into contact with baby's sensitive skin, such as leg and arm openings, and the Top Cover.

A soft, 3D mesh fabric is used against the body helps keep baby cool and comfortable. The same soft mesh fabrics is used on the inside of the harness and lumbar support for maximum parental comfort.

The 3D mesh fabric is certified according to Oeko-Tex Standard 100, Class 1 for baby articles. For more information about Oeko-Tex, please visit oekotex.com
